

Hello Fellow SNOA Members, my name is Vince Kristosik, and I am seeking your support for re-election as your President. I have been a proud member of the Association since 1992, and currently officiate basketball and football, as well as umpire baseball and softball. I have also officiated volleyball in the past.

I have been fortunate enough to serve our membership on the Board of Control for the past ten years. My first four years were spent as a Board Member at Large, and the last six years have been spent serving you as your President.

With the collective effort of many leaders throughout SNOA, we have continued making great strides as an Association. Our members wanted to see a quicker method of payment and last year we introduced a bi-monthly payroll. The Board of Control started our senior scholarship program for our membership six years ago, and in that span we have given back \$24,000, which has helped many of our SNOA families. We have continued to support our individual sports through our scholarship program that goes towards camps and clinics. The Board of Control understands the importance of our own camps so we have given back to those that have taken the time to instruct at these camps. Providing scholarships for camps is a way for SNOA to continue building towards a better future, especially with the youth in our Association. The Board of Control also established the Hope Murphy award last year, which carries on the legacy of Hope by honoring a female official within SNOA.

As your President, I have continued to build upon relationships with other officiating leaders from around the state. With these relationships and persistence, we were able to bring a 4% pay raise for all officials statewide this school year. With a very good working relationship with CCSO Sports, I was able to work towards bringing a 4% raise for our scorers & timers, as well as other auxiliary positions within SNOA. Over the past six years, I have continued to build upon our relationships with the NIAA and the School Districts and schools that we service. This also includes youth leagues and tournaments in our area. Having strong relationships with all of our clients is important towards our future.

I have taken great pride in continuing the SNOA Newsletter for our members. Many hours of research and time are put into our newsletter. It is very important for all of us to stay connected with our fellow members throughout the Association.

I take great pride in serving our membership. I have tried my best to keep an open line of communication with our members at all times. As your President, I understand the responsibilities that go with this job. I have the time commitment that is required of this position. Passion, dedication, and experience is what I will continue bringing to you if re-elected. I would appreciate your vote!

We are all in this together!

Respectfully,

Vince Kristosik
President, SNOA
